

PHILIPS

ProPix 860

Professional Projector

Experience brilliance that captivates

Elevate your presentations and home entertainment with the Philips ProPix 860 projector – the ultimate choice for crystal-clear visuals in any setting. With an impressive 2600 ANSI lumens of brightness, this powerhouse projector ensures vibrant, high-definition images in both office and home environments. Enjoy breathtaking Full HD 1920x1080 resolution and a stunning 1500:1 native contrast ratio, bringing every detail to life with crisp, vivid color.

The ProPix 860's advanced LED technology delivers rich, saturated colors and razor-sharp imagery, meeting 98% of the Rec.709 color gamut standard for unrivaled accuracy and realism. With the built-in Color Management System, your visuals are guaranteed to shine in every detail, every time. Whether you're in a meeting room or watching a movie, every scene appears lifelike and captivating.

Enhance your efficiency and reduce power consumption with the ProPix 860's Eco Mode, which optimizes light output without compromising quality – saving up to 50% more energy than standard settings. Plus, its LED system uses 23% less energy than traditional mercury lamps, making it a greener choice and with a lifetime of 30,000 hours.

Designed for precision and longevity, the ProPix 860 features durable glass lenses and Texas Instruments' DLP technology, ensuring consistently accurate colors and remarkable image clarity over time. Experience brilliance with the Philips ProPix 860 projector.
